

CAPABILITIES STATEMENT

Mission Preparedness, Mission Readiness, Mission Success

Company Overview

Founded in 2010, Air New England operates a diverse and growing fleet of turboprop and light jet aircraft dedicated to offering on-demand air charter tailored to meet the needs of our civilian, government and medical customers. Whether it be passenger or cargo, our mission-centric, safety-first mind-set is at the heart of every operation.

Core Competencies

ENGAGE

We listen. Challenges are identified, prioritized and addressed with our problem-solving capabilities and our passion for implementing proven, logistical and reliable methods.

EMPOWER

Knowledge is power. Armed with client's end-results expectations, Air New England formulates a plan of action to ensure mission readiness, mission success.

EXECUTE

Orchestrate the Plan. Implement the best possible plan as formulated by our team to ensure a well-orchestrated experience.

- As both an operator and a broker, Air New England has the resources and the knowledge to source the ideal aircraft for any mission.
- Collaborative and highly communicative corporate culture tactical in addressing concerns before they manifest into problems.
- Port City Air, a Prime Contractor currently in a highly successful, multi-decade, multi-renewed aircraft fueling government contract AND Air New England's parent company, makes us uniquely poised to excel in the arena of procuring and successfully operating government contracts.
- In-house, on-site FAA approved part 145 maintenance program that always begins and ends with pre and post-op maintenance inspections of our fleet.

Past Performance

Repetitive Business

- Federal Bureau of Prisons
- Short notice, high value transport
- Flight support for Prime Vendors
- Carriage of VIPs from the corporate, government and entertainment sector
- Physician flights to remote locations
- Medical supplies and organ transport
